PERSONAL PROJECTS

PORTFOLIO

https://portfolio-bara1422.vercel.app

- Personal portfolio which displays some of the projects I have worked with.
- Fluid Navigation: Implemented smooth navigation and intuitive user interface to ensure easy access to project details and contact information.
- Responsive design: Developed with a responsive layout using React and Tailwind CSS, ensuring a fluid experience across devices.
- Light/Dark mode: provided users with the flexibility to switch between light and dark themes for improved readability and visual appeal.
- Links to GitHub's repository and Live Demo for each project shown.
- Developed with React, Vite and TailwindCSS.

FREECTIONARY

https://freectionary-app.vercel.app

- English Dictionary using the API from https://dictionaryapi.dev/.
- Allows users to search for any English word and provides definitions, synonyms, verbs, nouns, adjectives, and, if supported by the API, pronunciation of the word.
- Responsive design, light/dark mode, option to switch between 6 different fonts.
- Dynamic URL Search: Enables users to search for any English word directly from the navigation bar using React Router.
- Developed with React, Vite, TailwindCSS and React Router.

TODO GAMING

https://todo-gaming-next.vercel.app

- E-commerce developed as a global project in Nucba.
- Database hosted in neon.tech.
- Backend developed with TypeScript and Node.js using Express.
- Frontend built with Next.js, React-Query, TailwindCSS, Redux Toolkit and Axios.
- Integrated MercadoPago API for secure payment processing.

EXPERIENCE

Gutter installer (2014 - Present):
- Participating in the measurement, fabrication and installation of gutters.
- Quickly solving any problems that may arise in the best possible way.
- Attentive to details and client specifications.

EDUCATION

Full Stack Web Developer - Nucba (2022 - 2023)
Associate Degree in Computer Programming - UTN FRBB (2024 - Actual)

PROFESSIONAL GOALS

To be part of a company in which I can put all my knowledge and skills into practice. I would like to be offered the opportunity to work hard and reach my objectives, and also to improve both as a professional and as a person.
